

K-LOVE radio is positive and encouraging part of daily Christian life and not only strengthens our faith it is an excellent witnessing tool to aid others who are struggling in our community.

If K-LOVE is displaced by LPFM you will be depriving those of us who prefer the sounds and input of Christians to the bias of secular music and reporting. K-LOVE is in the interest of the public at large giving them the right to choose and to take solace finding a place of assistance and refuge not offered by other media venues.
